

BANK OF GEORGE

Founded 2007

**** News Flash ** November 2009**

Bank of George recently celebrated its two-year anniversary as a premier business bank in the Southern Nevada market. We wish to express our sincere **THANK YOU** to our board members, our shareholders and, most importantly, our valued and loyal customers. We are proud of our success and the strong relationships we have developed to help us reach our goals. Bank of George is pleased to report that as of October 2009, we have achieved \$140 million in total assets and are continuing in a steady and strong growth pattern.

Please help us welcome some wonderful additions to our staff. At our Russell Road office, Michelle Jensen has joined us as Senior Teller and Carla Cholewinski as VP/Credit Administrator. Our Seven Hills Office has multiple new faces looking forward to meeting you and assisting you: Irma McDow, VP/Business Relationship Manager; Susan Smith, VP/Business Relationship Manager; Michelle Beck, VP/Business Relationship Manager; and Leisa Maxfield, Senior Teller. In addition, Virginia Knudson, EVP/Chief Operating Officer, has relocated to the Seven Hills Office.

As the economy in Southern Nevada continues to evolve, Bank of George maintains its position as a strong lending partner to local businesses. Currently, we are offering competitive lending rates on Owner-Occupied Commercial Property. If you, or anyone you know, are looking for a premier lending experience, please contact Judy Pickett, Senior Commercial Loan Officer at the Seven Hills office — 851-4300, or Dan Pearce, Senior Commercial Loan Officer at the Russell Road office — 851-4200.

At Bank of George, we support our community by participating in area events and volunteer opportunities. Although all of our staff are committed to community involvement, the following are a few of our recent events:

Fabian Vincent, VP/Business Development Officer, was appointed to the Board of Trustees for CASA — Court Appointed Special Advocates. The CASA Foundation advocates for children in Clark County's foster care system, raising funds that are vital for everyday needs such as clothing, healthcare, computers, educational tuition, scholarships, summer camps and a variety of other activities.

Michelle Beck, Susan Smith and Irma McDow, our three new Business Relationship Managers, took their combined 41 years of banking experience to the Nevada Justice Associates convention in Dana Point, California. The bank is pleased to support the NJA in their efforts to provide continuing legal education to the attorneys of Nevada.

Diane Fearon, President/CEO, recently participated on a three-person panel at a breakfast sponsored by Nevada Gives in order to focus on "Innovation in Philanthropy During Challenging Times," which drew an audience of approximately 100 guests. The bank also sponsored a workshop for 10 Executive Directors of various local non-profit organizations, which highlighted "Creative Human Resources Strategies in an Adverse Financial Climate" and was presented by one of our community partners, Professionals in Philanthropy.

The bank continues to participate in the **FDIC's TAG program** which provides **depositors with unlimited coverage for non-interest-bearing transaction accounts** until 6/30/10. Please let us know if you have any questions.

Please contact Diane F. Fearon, President/CEO, at her direct line of 851-4201 with any comments, concerns or questions as to how Bank of George may be able to help you.
